

FISCAL NOTE

HB 2126 - SB 2094

March 30, 2007

SUMMARY OF BILL: Authorizes the issuance of permits for air ambulance services for their individual aircraft.

ESTIMATED FISCAL IMPACT:

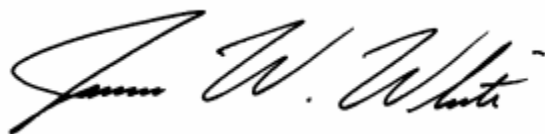

Increase State Revenues - \$3,000

Assumptions:

- Currently, inspections on individual aircrafts and ground ambulances are being performed, but only permits for ground ambulances are required with a fee of \$100 per ambulance.
- There are currently 30 individual aircrafts operating in Tennessee.
- Should the fee be the same for air ambulances as it is for ground ambulances, such would result in an increase in state revenues of \$3,000 (30 aircraft X \$100).
- Any increase in revenues will be used to cover the expenditures of the inspections and oversight of individual aircraft permits.

CERTIFICATION:

This is to duly certify that the information contained herein is true and correct to the best of my knowledge.

A handwritten signature in black ink, appearing to read "James W. White". The signature is fluid and cursive, with the first name "James" written in a smaller, more compact script than the last name "White".
